

Technische Klingen Technical Blades Lames Techniques

Partner der Industrie

Qualität, Zuverlässigkeit und optimierte Standzeiten sind die herausragenden Merkmale unserer Klingen. Wir fertigen Klingen in den unterschiedlichsten Geometrien, Schlifften und Beschichtungen für spezifische Industrieanwendungen, unter anderem für das Schneiden von Film und Folien, Verpackungen und Schläuchen u.v.m.

MOZART - Ihr Partner für Klingen 100% Made in Solingen.

Partner of the industry

Quality, reliability and an optimized lifetime are the outstanding characteristics of our industrial blades. We manufacture blades in specialized geometries, grinding executions and coatings for specific industrial requirements, including the processing of films and foils, packaging, plastic tubes and many more.

MOZART - Your partner for blades 100% made in Solingen.

Partenaire de l'industrie

Nos lames se caractérisent par leur qualité, fiabilité et durée de vie optimisée. Nous fabriquons des lames aux multiples géométries, aiguissages et revêtements à usage industriel spécifique, comme par exemple pour la coupe de films plastiques et adhésifs, emballages et tuyaux.

MOZART - Votre fournisseur de lames 100% made in Solingen.
